

Curved section of retaining wall planted with soft screening grasses

Posts for washing line

Gas BBQ with simple brick surround

Small soft pebble surround in pale Cotswold buff for ease of maintenance

Log fired hot tub area on raised deck platform to counter slope down garden

Natural planting to screen/enclose surrounding deck area leading to evergreen shrubs that pick up the landscape beyond. Dress wall with climbing rose

Decorative panel to screen hot tub area

Extend border in front of Kitchen/dining doors & plant with taller evergreen shrubs to soften wall, spring bulbs e.g. alliums & tall perennials. Plant x 3 open structure, small multistem trees for seasonal interest

Keep existing terrace

Decked sun bathing area
Extending out to wall & laid on 45 degree angle to create sense of wider space

Privacy screen & planter

3 x planters with vertical panels
Or trellis for grasses/climbing plants & backlit night time ambience

Fire pit

Grow climbers over wall e.g. wisteria, virginia creeper

Decked area outside office with inset circular decked platform

Pergola walkway underplanted with grasses and climbing plants trained overhead

Pergola with tension wire for climbing plants

Decked seating area surrounded by planting - wall climbing plants to soften wall & screen area. Deck lighting to create wash of light across floor.
